

Complaints, Comments and Compliments Policy

Throughout this policy we may make reference to Age Concern Liverpool & Sefton, the Organisation or ACL&S. This means however that the policy is applicable to the Charity, Age Concern Liverpool & Sefton, the trading company, Age Concern Liverpool (Services) Ltd and any subsequent company within the group

Policy Statement

Age Concern Liverpool and Sefton recognises that during the day to day operation of its services there may be occasions when a service user, a relative of a service user, a volunteer, a visitor or a member of the public wishes to complain, comment or compliment any aspect of the organisation's operation. It is a policy of the organisation to encourage such dialogue and to assist wherever possible with this process. Additionally Age Concern Liverpool and Sefton will use the policy to improve any identified aspects of its operation that are highlighted as requiring attention subject to the availability of suitable resources.

Why Have a Complaints, Comments and Compliments Policy?

To provide necessary feedback, both positive and negative, on the quality of our services. This information will enable us to improve our performance wherever possible in line with the needs of users, potential users, carers, relatives, advocates, volunteers and any other dissatisfied body (for complaints only).

To demonstrate to stakeholders that we are open and constructive in our dealings with people.

To demonstrate that we care about the quality of the services we provide.

To make sure that it is easy for anyone who feels that comments would be helpful and to tell us how things can be improved. We want to treat complaints positively, and, where possible, leave users feeling comfortable about their experience of making a complaint to us.

To achieve this, it is our policy:

- To make it easy for the public to contact us, by telephone, in writing, by e-mail or by meeting in person
- That ALL complaints, no matter how they are received (e.g. email, telephone, via the compliments, comments or complaints form, or by letter) should be treated with equal importance
- To respond quickly, within the following timescales:
 - Complaints will be dealt with within 28 working days where possible, however, if a complaint is more complex then it may take longer.
 - If an issue cannot be resolved within 28 working days then the person making the complaint will be contacted within 28 working days. This will include reasons why the complaint will take longer to resolve.
- To show genuine regret that someone has felt it necessary to complain, and to be courteous, honest, helpful and open in any dialogue
- To help someone to make a complaint and complete any forms for them if they need assistance. We would make people aware of independent advocacy
- To deal with any complaint as close to the source of the problem as possible unless there is a conflict of interest and the process may escalate to be dealt with at a higher level within the organisation
- To monitor complaints and learn from things that have gone wrong so that:
 - they don't happen again
 - we can improve our policies to suit the needs of users, potential users, carers, relatives, advocates, volunteers and any other dissatisfied body.

Recording and Monitoring

Age Concern Liverpool and Sefton will demonstrate its continuing commitment to the implementation of this policy by regular review and monitoring and by insisting that, wherever appropriate, records are kept of actions and decisions taken by the Board of Trustees, staff and volunteers. The Board of Trustees receive comments, compliments and complaints every 12 months.

Promotion and Publicity of the Policy

The Board of Trustees has the first and final responsibility to promote, implement and review this policy. It is also the responsibility of all staff and volunteers of the organisation to promote the policy.

The Chief Executive Officer holds the day-to-day responsibility for ensuring that the policy is implemented.
